Book Nook Sponsored by the Rotary Club of Concord at the McAuliffe-Shepard Discovery Center

CONCORD, NH – The McAuliffe-Shepard Discovery Center has recently added a Book Nook to its exhibit gallery, made possible through a generous donation from the Rotary Club of Concord in the amount of \$3,000.

“The Rotary Club of Concord is proud to support the Book Nook, which provides an important resource for our local youth,” said Dick Bean, President of Rotary Club of Concord. “The Book Nook will help them become interested in and excited about science and space exploration.”

The Book Nook offers families and youth a fun and relaxing place to sit and explore books on space and aviation. It is a resource for children to be inspired with stories about the stars, and young adults to explore literature on aeronautics history, astronauts and NASA discoveries.

The mission of the Rotary Club of Concord, part of Rotary International, is to provide service to others, to promote high ethical standards, and to advance world understanding, goodwill, and peace through its fellowship of business, professional, and community leaders. For more information, visit www.concordnhrotary.org.

The new McAuliffe-Shepard Discovery Center is a lively science center, featuring 21st century interactive exhibits on aviation, astronomy, Earth and space sciences, a state-of-the-art planetarium and a variety of science, technology, engineering and math programs.

The engaging, robust educational programs are geared towards families, teens, seniors, students, community groups, and lifelong learners. For more information, visit www.starhop.com.
